

## ABOUT THIS INDEX

The following pages contain information on entrepreneurship education and training programs, organized by type of programming - programming for adults, post-secondary students, and K-12 students. Adult programming is further broken down by type of service provider (Small Business Center, Small Business and Technology Development Center, and Non-profit Organization/Partnership). Note that some programs target one group but also serve others. For example, the Small Business Technology and Development Center often provides services to the general public, but may serve university students as well, especially given their typical location on university campuses. This index is intended to show programs' primary target audience.

In this index, you will find brief contact information for each organization. For more in-depth information, refer to the section on "Listing of Organizations" (search alphabetically by the name of the program) or (for information on statewide programs or commonly used curricula) the Introduction.

# INDEX B

## ADULT, POST-SECONDARY, AND K-12 PROGRAMMING

### **ADULT PROGRAMMING: SMALL BUSINESS CENTERS**

#### **Alamance Community College Small Business Center**

Milele Archibald, Director  
2324 E. Maple Avenue
