11:34:44 From **conference** : here in Clay and Cherokee counties, we don't get NC TV stations. How can we encourage stations to provide NC related news and broadcasts here?

11:39:59 From **Alice's iPhone** : Pressing Needs in Health Space: 1) workforce allocation; 2) supply chain management; 3) facility capacity; 4) financial assistance; 5) communication & public info. Compiled by: US DHHS (happy to share the report)

11:41:03 From **Morgan Barbre** : Thanks for that, Alice!

11:41:12 From **Moriah** : Mountain BizWorks in partnership with the Dogwood Health Trust, have come together to make PPP loans available to rural non-profits and small businesses in the 18 western most counties of NC. There were an initial \$2million allocated, with another \$2m to follow, which we know with the need will go quickly. However, we are still actively seeking more applications from non-profits, especially those that are led by POC and Women. If you are aware of a nonprofit needing PPP funding, you can send them to [mountainbizworks.org/ppp](http://mountainbizworks.org/ppp)

11:42:31 From **Russ Harris** : Ricky, the next round of GREAT grants is scheduled to open in summer and Clay and Cherokee will both be eligible so we need to find some providers to apply for those. Not a short-term fix, but we need to keep working to make sure we're not in this situation 5 years down the road.

11:46:38 From **Alice's iPhone** : Thanks, ORH!

11:49:50 From **holly.yanker** : This is a great idea!! FYI- Might be good to indicate while Nonprofits are in need of funding like the majority of small businesses too - Nonprofits are NOT eligible for Rapid Recovery.

11:51:25 From **Patrick** : Holly, nonprofits are not eligible for Rapid Recovery, but they are eligible for the Payroll Protection Program. If they maintain employee leads, the loan can be forgivable.

11:52:48 From **Patrick** : \*employee levels
